Course Content

This course consists of 3 Modules. Our flexible teaching approach has been designed to enable practitioners to readily undertake the course.

The three modules are:

❖ Module 1: Principles of Notarial Practice

The purpose of this module is to give students a theoretical foundation and comprehension of the topics and concerns. Students should be able to show that they comprehend the theoretical basis of notarial practice in Sri Lanka.

❖ Module 2: Applied Notarial Practice

This module seeks to give students an in-depth, practical understanding of the work of Sri Lankan notaries, including education on a notary's rights, obligations, and duties as well as a thorough comprehension of notarial statutes. After completing this module, students will be able to prepare legal documents and recognize real-world issues that arise in everyday practice.

❖ Module 3: Internship

This module provides the practical aspects of a Notary. To gain the necessary hands-on experience, students are expected to serve as an intern or assistant for a Notary with ten years of experience. After completing this module, students are exposed to a trial period on Notarial practice. This is to ensure they are well-versed in Notarial work.

Learning Objectives

At the end of this module students should have a knowledge and understanding of:

- The function of a notary
- The notaries practice rules and regulations;
- How to prepare different notarial instruments;
- Understanding of notarial statutes;
- The law on the examination of title drafting execution stamping attesting and registration of deeds and notices ;
- Capacity and incapacity;
- The notary's function in preventing frauds

Learning Outcomes

The course will give a thorough review of notarial statutes. It also covers the practical elements of running a notarial business, such as keeping records and upholding professional standards, as well as the professional rights, obligations, and duties of a notary.

Course Learning Outcomes

On successful completion of the Course, students should be able to:

- ❖ Critically review the theoretical underpinnings of notarial practice and contextualize current notarial practices in Sri Lanka.
- ❖ To assist residents, citizens, and organizations of Sri Lanka in managing their cross-border business and personal affairs.
- ❖ Offer creative and ethical solutions to practical and complex problems of notarial practice.
- ❖ Communicate coherently using effective interpersonal skills in professional practice.
- ❖ Understand notarial statutes in Sri Lanka and a Notary's professional rights, obligations and duties.
